

BLOCK ASSEMBLY

The Epicea quilt is made up of four **Corner Blocks**, four **Lateral Blocks** and a Central Square. Instructions in this section are for assembling one Corner Block (steps 1 and 2), and both steps will need to be repeated to make all four Corner Blocks. Same for the Lateral Block (steps 3 and 4).

Take care to orient all units correctly while assembling.

1. Sew units into rows, referring to the diagram. **Follow the pressing directions** (in green arrows), so the seams will nest.
